Subject: Re: Lease Non-Renewal

Hi Greg,

Sorry to delay -- Chelsea has been in touch with us about taking photos today. Email is fine for alerting us about showings. I should note that the kitchen light went out recently, so that should probably be fixed before the showings begin.

We actually really enjoyed our time spent at 36 Dighton, we are just looking for another place with more space and in a different area. For what it's worth, our interactions with you and the Albert Corporation have been exceptional based on our experience as renters in the Boston area over the years. We always appreciated your professionalism and attention to renters' needs, which is hard to find in this market.

Thanks much,

Meghan and Will
