

Metal Manufacturing

Mission & Value Proposition

At OCE, we help organizations access durable, high-quality metal products while providing meaningful work and industry-recognized training for adults in custody. Our Metal Manufacturing program delivers custom fabrication, welding, and industrial products built to meet demanding environments. Partnering with OCE ensures reliable craftsmanship, professional service, and meaningful community impact.

The Challenge

Organizations often face challenges such as:

- Finding reliable partners for custom metal fabrication
- Balancing durability, functionality, and project budgets
- Meeting safety and performance standards
- Managing timelines for large or specialized orders
- Producing consistent, repeatable results for ongoing need

Our Solution

OCE Metal Manufacturing delivers full-service metal fabrication from concept to completion. Our teams use industry-standard practices and modern equipment to produce precise, durable products. From industrial equipment to custom builds, we create solutions tailored to client needs while supporting hands-on training and skill development.

Services We Offer

- **Custom Metal Fabrication:** Brackets, frames, components, specialty builds
- **Industrial Products:** Sanders, dump beds, and equipment for heavy use
- **Parks & Recreation Products:** Fire rings, grills, benches, outdoor fixtures
- **Welding & Assembly:** MIG, TIG, cutting, forming, finishing
- **Project Consultation:** Support with design, specs, and production planning

Why Partner with OCE

- **Community Impact:** Supports work and training programs for adults in custody
- **Skilled Craftsmanship:** Trained welders delivering quality work
- **Built for Durability:** Products for high-demand environments
- **Flexible Solutions:** Custom or repeat-order capabilities
- **Reliable Timelines:** Consistent scheduling and on-time delivery
- **Professional Oversight:** Experienced supervisors ensuring quality

Added Value

- Custom quotes for unique fabrication needs
- Blind shipping for partner convenience
- Collaboration with other OCE shops for full project builds
- Material sourcing support for specialized requests
