

Wood Manufacturing

Mission & Value Proposition

At OCE, we help organizations access durable, high-quality wood products while providing meaningful work and skill development for adults in custody. Our Wood Manufacturing program delivers custom furniture, cabinetry, and recreational items built to last. Partnering with OCE ensures reliable craftsmanship, professional service, and lasting community impact.

The Challenge

Organizations often face challenges such as:

- Finding durable, custom wood products to meet specifications
- Balancing quality craftsmanship with project budgets
- Locating reliable partners for institutional or commercial projects
- Managing timelines for large or complex orders
- Ensuring products meet safety, durability, and aesthetic standards

Our Solution

OCE Wood Manufacturing delivers custom woodworking from design to finished product. Our teams blend traditional craftsmanship with modern production to ensure precision and durability. We build furniture and recreational products tailored to client needs while supporting workforce training and skill development.

Services We Offer

- **Custom Furniture & Cabinetry:** Tables, desks, cabinets, daises, casework
- **Tiny Homes & Transitional Units:** Wood-built structures for housing and community needs
- **Parks & Rec Products:** Benches, picnic tables, kiosks, and more
- **Institutional Furniture:** Durable solutions for high-use spaces
- **Design Support:** Assistance with layouts and specifications

Why Partner with OCE

- **Community Impact:** Supports work and training programs for adults in custody
- **Skilled Craftsmanship:** Consistent, high-quality results
- **Built for Durability:** Products designed for long-term performance
- **Flexible Options:** Custom sizes, materials, and finishes
- **Reliable Timelines:** Dependable production and delivery
- **Safety & Compliance:** Aligned with industry standards
- **Professional Oversight:** Experienced supervision on every project

Added Value

- Competitive, predictable pricing
- Scalable production for large projects
- Clear communication and progress updates
- Collaborative design review
- Delivery/installation on select products
