WHO WE ARE

At OCE, we provide meaningful work and training opportunities for adults in custody (AICs) across our programs. We partner with businesses in two ways: by bringing work into our correctional industries or by sending our trained workforce directly to your facility. Our goal is to create a pathway for personal growth for AICs while providing reliable, skilled labor for Oregon businesses.

WHY PARTNER WITH OCE

Partnering with OCE allows you to address workforce shortages with a skilled and ready-made labor pool. AICs receive hands-on training and skill development, ensuring they can contribute from day one. Businesses gain immediate capacity to scale operations, take on more projects, and achieve growth goals without the administrative burden of hiring and training.

ABOUT OCE

Oregon Corrections Enterprises (OCE) provides voluntary, real-world work and training opportunities that help adults in custody (AICs) build job skills, strengthen work ethics, and prepare for successful reentry into their communities. Participants apply and interview for positions. OCE program participants gain experience in technical, professional, and administrative fields using modern tools and systems.

Through partnerships with businesses, nonprofits, and public agencies, OCE delivers high-quality products and services while aligning training with Oregon's workforce needs. As a self-sustaining, semi-independent state agency, OCE operates like a private-sector business, expanding opportunities inside correctional facilities and supporting safer, healthier communities across Oregon.

Many of our partners find that collaboration with OCE not only supports production needs but also strengthens their community and workforce.
